Inside Rush: Snakes & Arrows Live

Rush are set to unveil **Snakes & Arrows Live**, a 2-CD set recorded last October at the Netherlands' Ahoy Rotterdam arena. The show took place during the renowned rock trio's five-month world tour after the release of the acclaimed studio album **Snakes & Arrows**. Rush will release the new live CD to coincide with another four months of concert dates that will see the band traveling North America through mid-July.

Hosted by **Lou Brutus**, Inside Rush: Snakes & Arrows Live is a one-hour radio special with **Geddy Lee** and **Alex Lifeson**, featuring the music of Rush in concert from the *Snakes & Arrows Live* release.

Inside Rush: Snakes & Arrows Live is available to run from April 11 – April 15. The program runs approximately 52 minutes in length (see below). This program is not market exclusive and contains no national spots.
